

## WORKING IN PARTNERSHIP

We will support you throughout your captaincy and ensure you see the difference your fundraising is making.

- **Dedicated Account Manager** – who is there to answer any questions, attend events and support you throughout your captaincy
- **Charity Golf Set** – you will receive a bespoke set of charity branded golf gear
- **Resources to support you** including posters, banners, collection tins and charity t-shirts
- We'll come along to support your **Captain's charity events**
- We will **promote your events** around our hospitals and on social media

### Kate, Gill & Tony, Captains at Springwater Golf Club 2019/20:

"Our Account Manager helped us raise more funds, by supplying us with everything we need for events as well as volunteering on match days and giving speeches to members about the difference that our fundraising is making."

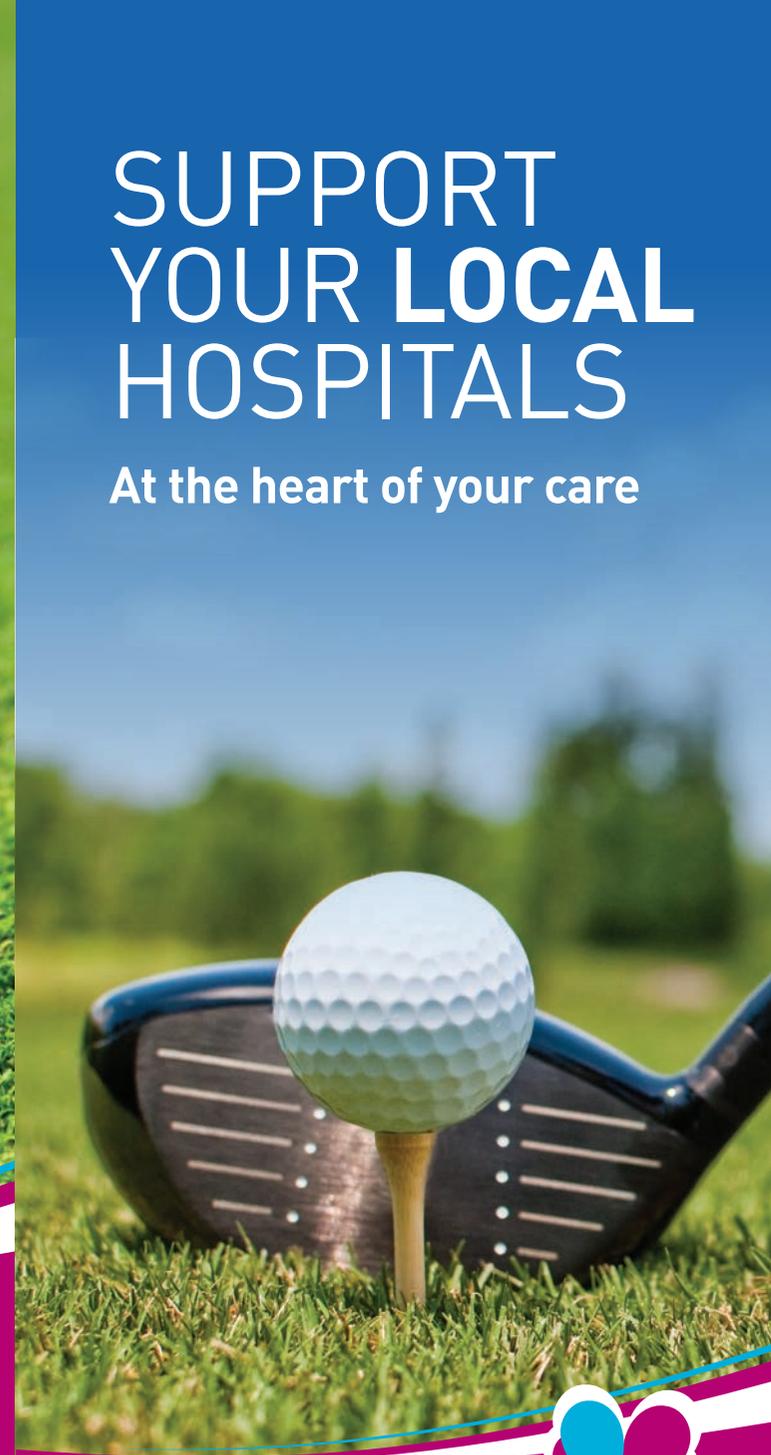

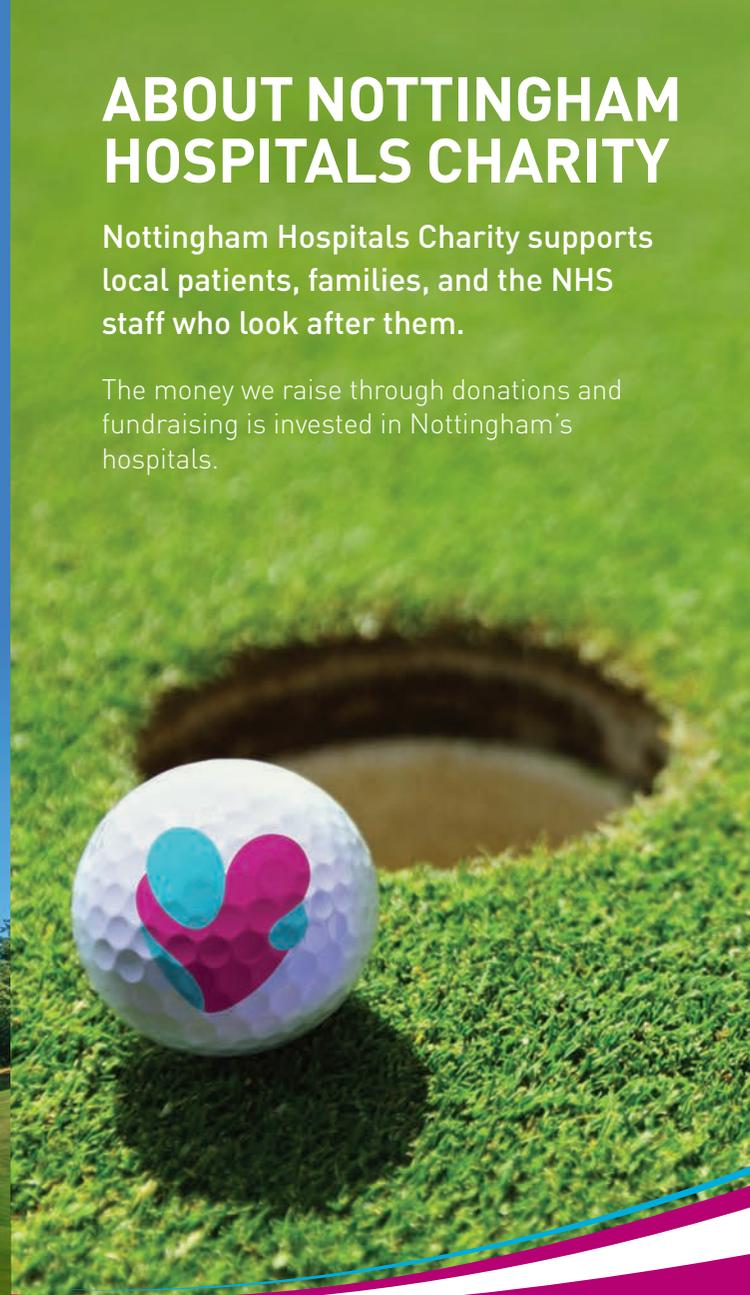

## ABOUT NOTTINGHAM HOSPITALS CHARITY

Nottingham Hospitals Charity supports local patients, families, and the NHS staff who look after them.

The money we raise through donations and fundraising is invested in Nottingham's hospitals.

# SUPPORT YOUR LOCAL HOSPITALS

At the heart of your care

Nottingham Hospitals Charity  
Supporting Nottingham University Hospitals NHS Trust

# WHO WE ARE

We are your local charity at the heart of Nottingham University Hospitals NHS Trust.

From stroke services to the children's cancer wards, from cardiac care to breast cancer research, we work alongside your hospitals, raising funds to help babies, children and adults across Nottinghamshire and the East Midlands.

This means you can choose to support whichever area of Nottingham's hospitals is closest to your heart.

# THE DIFFERENCE THAT YOU CAN MAKE

Your captaincy is an opportunity for you to make a real difference to the lives of patients, their families and NHS staff across Nottingham.

**With help from our supporters, we have:**

- Spent **£600,000** improving end-of-life care at our hospitals
- Funded ground-breaking breast cancer research, including a **£184,000** project to enable our clinicians to develop the most effective treatment plans for patients
- Raised over **£1.2 million** for an intra-operative MRI scanner that will revolutionise the treatment of children with brain tumours.

# WHY SUPPORT US?

When you support Nottingham Hospitals Charity you're directly helping patients and families across the East Midlands.

**Meet Ella-Grace**

Ella-Grace was born with a genetic chromosomal condition and spent much of her first year of life in Nottingham Children's Hospital.

Thanks to overnight accommodation funded by our supporters, mum Andrea was able to stay at the hospital most nights.

**Andrea said:**

"Having these rooms and me being able to be here so much makes such a huge difference. It means I am able to be here 24 hours a day, seven days a week, to look after Ella-Grace."
